"PREPARED BY AND FOR THE WALT DISNEY WORLD CAST"

NOVEMBER 14, 1980

## WELCOME ABOARD!

### BIG THUNDER MOUNTAIN RAILROAD GRAND OPENING THIS WEEKEND

When mountains were being passed out around the world, Florida got the short end of the hill. But Walt Disney World Co. has almost corrected the oversight by first building Space Mountain and again with the opening of **Big Thunder Mountain Railroad**, elevation 200 feet.

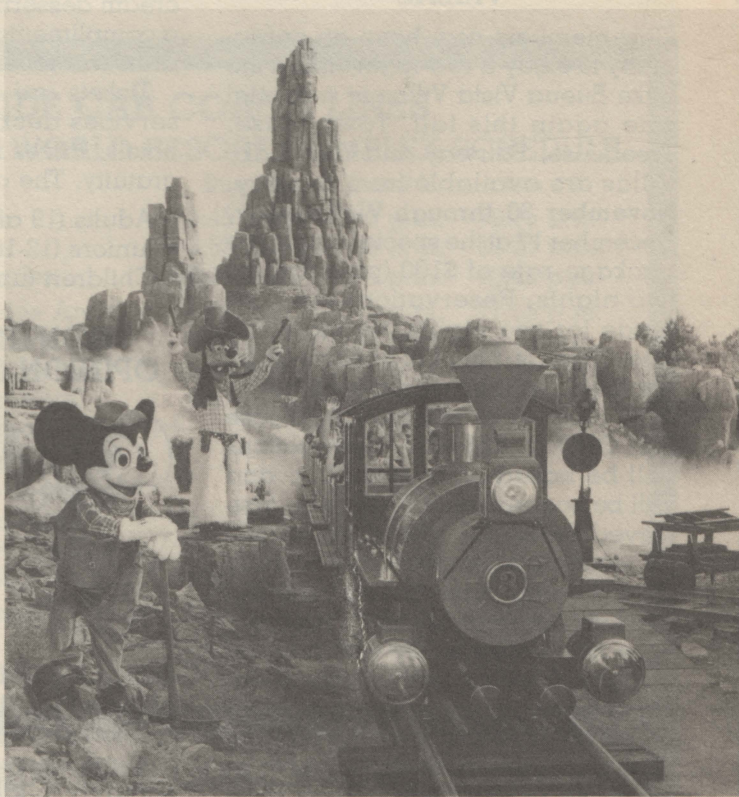

It took ten years of planning, hundreds of hardy rock makers, tons of steel, concrete, paint and lumber to build the redrock buttes and windswept mine buildings. In fact, to be exact, it took:

- 1,300,000 pounds of steel beams, rods and mesh
- 9,350,000 pounds of cement and sand
- 560,000 pints of water
- 64,000 cups of desert paint in assorted colors
- 2,780 feet of railroad tracks
- 6 gold rush trains
- on a 2-acre site

to make Big Thunder Mountain Railroad a reality.

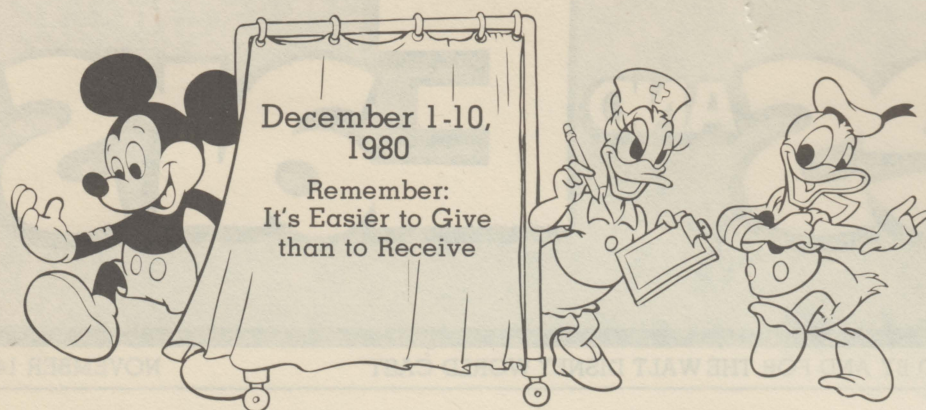

And this weekend marks the Official Grand Opening of Big Thunder Mountain Railroad. Many of you may have already experienced the thrill of boarding the rumbling, runaway mine train and flying along at speeds up to 24 mph as it plunges into a bat-filled cave, races through the ribs of a giant dinosaur and rushes through a thundering waterfall. And now that the Grand Opening is at hand, thousands of guests will have an opportunity to experience this same thrill.

It's an exciting addition to our Magic Kingdom, the 46th attraction. Welcome Aboard!

Cast members who were hired in December, January or February of any year will be scheduled to take the poll on the property during your work shift **beginning November 18 through November 22** of this year.

signed to teach high school students the basic principles of the free enterprise system by helping them run their own business under the guidance of volunteer advisors from local businesses. Walt Disney World Co. has supported Junior Achievement since our arrival in Central Florida, and this year we have four JA Companies counseled by members of our Walt Disney World management team.

One of the ways these high school students learn about business is by selling the products they manufacture. And for that reason Junior Achievement Companies will be on hand selling their products at the **Longwood Arts and Crafts Festival** at Longwood Village Shopping Center next weekend, **November 21 through 23**.

Two of our Walt Disney World counseled JA Companies, "Business Encounters" and "T.B.C." will have displays set up. "Business Encounters" manufactures and sells spice ropes; "T.B.C." manufactures and sells sewing thread and spool boards.

Why not drop by this arts and crafts festival and support our Walt Disney World counseled JA Companies?

### CAST CHRISTMAS PARTY COMING

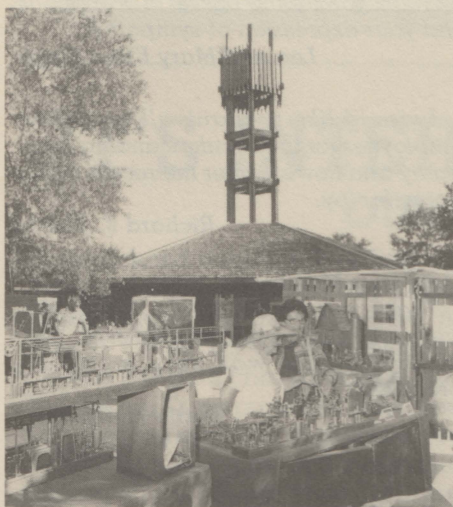

Our annual Cast Christmas Party will be held over two nights this year, so mark your calendars for **Friday, December 5 and Friday, December 12**.

The party begins at 8 p.m. and lasts until 12 midnight. You and your family will be treated to a special parade at 11 p.m. and, of course, a visit from Santa Claus!

## ART FESTIVAL A SUCCESS

Thousands of guests and cast members dropped by the sixth annual "Festival of the Masters" this past weekend to see the displays of 200 of this country's finest contemporary artists. It was a great weekend with a lot of interesting sights!

## BUS LINK TO WEST OF WDW PROPERTY OPENS

**Side Car Coach Lines** (not affiliated with the Disney Organization) will begin **daily bus service** between the communities of Mascotte/Groveland — Minneola/Clermont — Winter Garden/Ocoee and the Walt Disney World Resort Complex on **Monday, November 10**. The service is being made available to Walt Disney World employees, and will coincide with the major working shifts.

Cast members who live in these communities may now park downtown and board a transit bus to work.

The fee is based on a one-way ticket from the point of origination: Boarding in **Groveland or Clermont** — \$1.75 one-way, boarding in **Winter Garden** — \$1.50 one-way.

To make purchasing a ticket more convenient for you, drivers will be selling books of one-way tickets — 10 tickets to the book — thus giving admission aboard the bus for an entire week.

You must present a valid Walt Disney World ID prior to boarding the bus. Do you have a family member or friend interested in applying for a job here? That person can board the bus for a drop-off near the Employment Center, no WDW ID required. However, guests wishing to visit the Magic Kingdom may not ride aboard the bus.

For additional information and scheduling, you should call (904) 787-2340 days, (904) 429-4211 after 4 p.m.

Now that he has retired, David and his wife Dorothy plan to return to their home in Maryland and embark on an entirely new business: growing mushrooms!

We wish David the best in his future endeavors.

**Joseph Jordan & Vallie Finney**

**Editor's Note:** The following letter was sent to all of us, and we thought you'd enjoy hearing this guest's comments.

I have been to Walt Disney World on 29 separate occasions. I thought it was about time for me to tell you how much I enjoy the cleanliness and hospitality of your people and facility ...

The information ... on EPCOT Center is incredible. If it was any other organization besides WED making these claims, I'd never believe them. Keep up the good work ...

... I wanted someone else to know how I appreciate the effort that the Disney organization has put into entertaining people for a more than reasonable price.

## IT'S INTERNAL TRANSPORTATION: OUR ETERNAL VOLLEYBALL CHAMPS

Ed Brouchard is busily building a dynasty. His league volleyball team, Internal Transportation, swept to victory **again**, capturing the 1980 Cast Activities Fall Mixed League Volleyball Championships.

It was the sixth championship out of seven attempts — the Internal Transportation team started in 1977 and won their first tournament that same year.

The only loss came in the summer tournament of 1980 when a super strong River Country team captained by **Les McGovern** came back from the loser's bracket to win. Internal Transportation had River Country down 14-13 but couldn't get the game point; McGovern served up three crucial points to take the game. Internal Transportation's mighty machine faltered and was unable to recover. In the next season, they came back with a vengeance and literally crushed all opposition from the first night.

"I've recruited good players and have been able to keep them," Ed told us, "although we don't hold practice sessions, all of the players stay active by participating in other sports." Ed's basic game strategy is to start his players in positions where they are strongest.

The front line starters include: **Rich Conley** (Operations), the team's best server and floor manager; **Dan Michaels** (Operations), the best spiker; **Mel Stilwell** (River Country), the team's best setter; **Greg Krall** (Polynesian Maintenance), the No. 2 server; back courtiers **Scott Gilrane** (Operations) and **Perry Lockhart** (Mailroom). Other players include **Essie Duffus** (Operations); **Janice Croud** (Merchandise) and **Joan Linder** (Operations), front line. Ed plays front right and his wife, **Patti**, plays the back line.

Plans for the future? "Keep on winning," says Ed.

The second place winners in the 1980 Fall Volleyball League were the **FUBARS**, who edged **Custodial** out for the second place trophy.

Second Place honors go to **FUBARS**

*Custodial team took third place honors.*
